# Product Discontinuation Notification

June 30<sup>th</sup> 2010

Dear Valued Customer,

This letter serves as notification that Skyworks Solutions, Inc has decided to discontinue the manufacturing of specific Schottky 0201 wafer level packaged device offerings from our Silicon Discrete product line. These devices will be replaced by newly designed devices, which allows for easier handling and board placement for all of our customers.

The part numbers affected are listed below:

| <b>Discontinued Part Number</b> | <b>Replacement Part Number</b> |
|---------------------------------|--------------------------------|
| SMS7621-096                     | SMS7621-060                    |
| SMS7630-093                     | SMS7630-061                    |

There will be no last time buy opportunity for these discontinued part numbers, as the new parts have the same electrical performance of the discontinued parts and also are drop-in compatible.

|                      | <b>SMS7621-096 / SMS7630-093</b>    | <b>SMS7621-060 / SMS7630-061</b> |
|----------------------|-------------------------------------|----------------------------------|
| <b>Die Size</b>      | 250mm - 500mm                       | 300mm - 600mm                    |
| <b>Bond Pad Size</b> | 125mm - 200mm                       | 165mm - 226mm                    |
| <b>Pillar Height</b> | .055mm                              | .0175mm                          |
| <b>Part Marking</b>  | Cathode mark and letter designation | Cathode mark                     |

Skyworks Solutions, Inc appreciates and values our business relationship and looks forward to your continued interest in our products. While we regret any inconvenience this announcement may cause, we are eager to supply your future product requirements with our world-class quality product lines.

To best serve you, all inquires and requests should be directed through the normal sales channels or you can contact the nearest Skyworks Solutions, Inc. Sales Office.
